Math Farms
SINCE 1915
MATHFARMS.COM

*Built on cows. Proven over generations.
The Proof is in the Pedigree*

Welcome to the Math Angus Farms Annual Production Sale

For nearly four decades, our philosophy at Math Farms has been simple. We believe the most profitable cows are the fertile ones that breed in the first cycle annually. They put more pounds on the scale than any other trait. In an industry that is trait driven to an excess, **Fertility is the one trait you can't stack enough.**

This year's offering is the result of digging deep into our own herd to prove what home-raised Montana hi-line genetics can achieve. The bulls in the offering were born comfortably inside 30 days of their calving window. **The dams and granddams of these bulls have consistently weaned heavy calves and bred back on time for next season.** We achieve these results from focusing on fertility and proven genetics that thrive in the short grass of Northeastern Montana. **Study the weaning weights. See the granddams ratios. The proof is in the pedigrees.**

These cattle are bred to add real-world pounds to your scale ticket. **We've now stacked these pedigrees with generations of Northeastern Montana cattle that have thrived here to ensure these bulls go to work and keep our customers profitable.** It's been very rewarding seeing the home raised sires **Black Rifle** and **Northern Pacific** prove themselves, and the **Clipper** females will leave their mark here.

When you buy a bull from us, you aren't just buying a bull; you're buying decades of culling for fertile, problem free cattle with the kind of quiet disposition that makes ranching enjoyable again.

To ensure these bulls are ready to go to work for you, they have been developed at the **Hould Bull Development Center**. They are fed a high-quality, balanced ration **designed to highlight their true genetic potential and performance differences without over-conditioning or compromising their longevity.** Our goal is to deliver stout, sound and athletic bulls that are in peak physical condition to cover cows and stay sound for years to come.

Our sale will be in person but will also be broadcast online at **Frontier Livestock** and **CattleUSA.com**. We appreciate your interest in our program and look forward to seeing you at the **Glasgow Stockyards on April 11th.**

Videos can be found online at mathfarms.com or frontierlivestock.com. Check them out!

Terms and Conditions

Settlement must be made at time of sale unless prior arrangements have been made. Announcements from the auction block take precedence over the catalog.

Videos

Videos available at mathfarms.com and frontierlivestock.com.
Online bidding will be held with Frontier Livestock and CattleUSA.com.

Supplemental Information

A supplemental sheet will be available sale day with complete and up-to-date information. Announcements from the auction block take precedence over the sale book information.

Herd Health

All bulls will pass a fertility test before sale day. Rick and Mckenna at Milk River Vet Service will perform the fertility test.

Delivery Arrangements

Free delivery within 500 miles of the ranch. We ask that you work with us so we can deliver the bull in the most efficient manner possible. We will cover any tests or expenses associated with delivery into Canada. All bulls taken home from Glasgow within 3 days of sale will receive \$100 credit on each bull.

Retained Interest

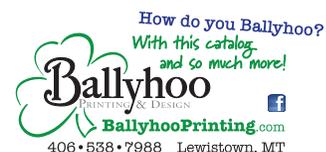

Math Farms is retaining 1/3 semen revenue-sharing interest in each individual bull in the sale, unless otherwise announced from the block. Natural use and salvage value belong to the buyer unless announced as well.

Liability

All persons attending this sale do so at their own risk. Math Farms and sale staff assume no liability for property loss or any accidents that may occur.

Enhanced EPDs

All bulls in sale have had AngusGS or Zoetis HD50K DNA testing to increase EPD accuracies and predictability.

MATH FARMS GUARANTEE

Math Farms wants our customers to have a bull that will do his job and last for years. We are confident that we have bred and developed these bulls with longevity in mind. It is with this confidence in our bulls that we can give a 90 day breeding season guarantee. We understand that these are animals and injuries occur, but we have the confidence that we have bred and developed these bulls in the best way to protect your investment. If an injury or death occurs, Math Farms will guarantee them for the purchase price minus salvage value (\$3000), or we will provide a replacement bull if a suitable replacement bull is available.

We don't make you take out an insurance policy to add the purchase price at Math Farms. No fancy formula to take away half of the value of the bull if injury occurs. However, these are not "disposable" bulls. We expect you to care for your investment in your new Math Angus bull, so if a problem does occur, please take the most appropriate and timely course of action. If the bull happens to get injured, or you are unsatisfied with your purchase for any reason, we want to know so the issue can be resolved timely. All injured bulls must be diagnosed by a veterinarian and make claims by September 2026. We are committed to our customers and their success.

FRONTIER LIVE SALE

This Sale will be broadcast live on www.frontierlivesale.com. To view a sale,

1. Create an account, if you have already done so skip to next step. To create a new account, click on the word **Registration** in the upper right hand corner. You must fill out the information requested. Then click **Create Account**. An email will be sent to your email account you provided. Please click the link in the email to activate your new account.

2. Once you click the link, your account will now be activated

3. At this point, you may click **Continue To Browse Our Site**. This will allow you to view all upcoming auctions.

4. Once you see the auction you are interested in, click **Get Approved To Bid** for absentee and live bidding.

5. Please enter your information in the form. Depending on the auctioneer, different information may be requested. Click **I agree to sale terms and conditions**. Congratulations! You are now approved for the auction. Now that you're approved you can participate in the auction and bid on its items.

6. Login on sale day with the credentials provided at registration.

Call 866-313-0123 for tech help.

We would like to officially announce we are offering a new prize for Grand and Reserve Champions that use Math Angus genetics for their steer and heifer projects!

All County Fairs are eligible!

How to qualify: **Prove that your steer or heifer is 50% Math genetics. That's it!**

Win Grand Champion Market Beef or Grand Champion Breeding Heifer, win \$1000

Win Reserve Champion or Champion Carcass, win \$500

Our reward for trusting in our genetics for your project!

Don't forget to come out and support the kids at the food booth this summer! This year we are again proud to be providing the beef for the Phillips County 4H clubs to serve at the 2026 Phillips County Fair. Proud to help them work towards the goal of new facilities for our 4H families!

OPEN REPLACEMENT HEIFERS

Offering Over 100 Open Replacement Heifers!

All Bangs, tagged, had their shots. Ready for turnout.

80 OPEN HEIFERS

Purebred. Sourced right out of the heart of the April calving herd Bob Math operates.
NO BRAND on this bunch.

Sired by all the top Math bulls, including some new ones. Sons of Load Up, Foundation, Coalition, and several other top sires. You'll see two-year-old bulls next year from the sires of these heifers. Additional \$250 per animal for registration papers if available, if buyer desires.

Call Bob for more information
(406)-674-5562 or 672-2323

25 OPEN HEIFERS

Top cut set of fancy black replacement heifers.

Consigned by long-time customers at the F. Anderson Ranch. One iron brand. Lazy 9 Sired by top sons of GDAR Load Up 7104, S Foundation 7179, and Peak Dot No Doubt 1004G

Call Jett Anderson for more information
(406) 390-6201 or 674-5461

Winning bidder is responsible
for trucking after the sale,
from Glasgow Stockyards.

**We felt it was time to dig into our own herd
and prove what our home raised sires can do.**

Quiet, powerful, eye appeal, and built to last in Eastern Montana. North Pac is now aged 4, and his feet are still impeccable. His sons will speak for themselves. They are as consistently made as they are powerful. All have excellent disposition, great structure, and great feet with excellent heel depth.

- His individual performance records are WR@120 and YR@123.

There are some long and thick cows behind Northern Pacific

- Pathfinder dam Forever Lady 9538 now records 5@111 and 4@113. She's the thickest cow on the place. She sells a stud at Lot 31.
- Pathfinder granddam Forever Lady 6116, NR 8@112 & 6@107. Calves at a 357-day interval. Sells a stud at Lot 20. Two other daughter sells sons, a stout stud at Lot 22, and a beast at Lot 28
- 3rd dam 10@100. Calved at 368-day interval.
- 4th dam 9@100. Calved at 367-day interval.
- 5th dam 9@102. Calved at 368-day interval.
- 6th dam 12@102. Calved at 369-day interval.
- *7th dam 8@98. Calved 11 at 368-day interval.

11 sons will be offered from North Pac!

Clipper was our selection out of the 2023 GDAR bull sale. This bull is clean fronted, wide chested, stout, and square to the ground! We purchased him to enhance the front ends and to stamp some stoutness into our cattle without sacrificing style. I love the style he stamps into his cattle. Three seasons of calving them, the calves come easy and vigorous, they jump right up no matter how cold it is. The females have proven worth the wait! We calved out 30 Clipper daughters this spring. Very consistently made with great mothering ability and near perfect udders. Clipper has proven he can improve udder quality and disposition, and we expect him to remain an important part of our program for years to come.

10 sons will be offered this year!

This guy was our selection out of the Peterson Grain and Cattle sale in 2022. Another solid calving ease sire, Latitude 49 is backed up by three generations of fertile and consistent Pathfinder dams who have done it on the Montana Hi-Line. I really appreciate the bone and stoutness he passes onto his progeny, and wow are the sons long and thick topped. We will have several daughters from this bull to carry us forward we're excited about.

10 sons from Latitude 49 sell as well as a couple Clipper sons from Latitude 49 daughters!

He was leadoff bull from 2019 embryo calf crop, from CM Forever Lady Y9110. Weaned off his dam over 1000lbs! Apex Angus purchased him at our 2022 winter sale. He has had great success there and we decided last year it was time to give him a try. Semen is limited so we wanted to make educated decisions. The performance in these things is incredible, they conquered weaning day! The heifer mates have proven to be very feminine and look to be great replacements. The bulls have tremendous length and strong thick tops. We're going to lead the sale off with our favorite. These things grow. The proof is in the pedigree.

7 sons sell in this sale!

FOREVER LADY Y9110

CM Forever Lady Y9110, the dam of Math Black Rifle 5099.

- Natural calves have a weaning ratio of 9@110 and yearling ratio of 6@106.
- Performance Pedigree is backed by several past Pathfinder cows. M daughters have reached Pathfinder status.
- Y9110's dam officially records a 9@101 (360-day interval). She also had twins.
- Pathfinder 3rd dam 7@105 (367 day).
- Pathfinder 4th dam 12@103 (367 day).
- 5th dam 12@102 and calved 13 in 369-day interval.
- 6th dam 8@98 and calved 11 in 366-day interval. You'll find the last two dams in all the Forever Lady's.

The sixth dam was our original matriarch, GDAR Forever Lady 4255. Grandpa purchased her from GDAR as a bred heifer in December of 1995, for \$900. She only has 8 recorded weights on record, but she did raise and wean 11 calves. Her dam was also a Pathfinder cow at GDAR, recording 6@105 before they sold her as a feature in their 1999 sale.

She sell sons at Lots 9, 15, 16, 26, 27, 46, 47 and grandsons in Lots 2, 7, 36, 44, 48!

FOREVER LADY Y9789

She was elected to donor duties at age 11. Her service record is outstanding, with Pathfinder status at 12@105. She always bred AI. We lost her this summer at age 14. She had a near perfect udder and always had a great set of feet under her. It was an easy decision to get as many as we could from her. We still have about 25 embryos to go. Her dam was also Pathfinder cow, at 8@110. The two sons in the sale in Lot's 8 and 37 this year are fantastic. She also has her DNA in standout lot 30.

**This yearling offering is one we have great pride in.
 We took a chance on our own cows. No flavor of the month bull sires.
 No chasing epds.
 Just us believing in the cows that have been almost 40 years in the making.**

“When you buy a bull from us, you aren’t just buying a bull; you’re buying decades of culling for fertile, problem free cattle with the kind of quiet disposition that makes ranching enjoyable again.”

This Black Rifle son is masculine, big-crested, and carries a lot of flesh on a stout, square-topped frame. It's been a fun summer watching him grow out in the pasture. His Foundation 7179 dam is a moderate and deep-sided Pathfinder cow that travels with ease on a rock-solid foundation. A maternal brother to this cow was the high selling bull in our 2023 sale. This lineage traces back to Maxams Angus in Reserve, MT, and a bull named GDAR Traveler 561, a bull that grandpa owned with Roger Jacobs in the mid 90's.

LOT 7

HDSOK A "Sale Feature" by GDAR Clipper. He's a thick-made, big-ended powerhouse that led the group with a staggering 5 lb ADG. Despite his explosive growth, he's backed by a calving-ease dam. The Clipper daughters are "lights out," and with Forever Lady Y9110 as his grandam, he's a front-row candidate for building a cowherd.

Our pick of the 2025 Hilltop Angus production sale. Went through a lot of great bulls from several great breeders at Hould's Feedlot last year looking for the next step. After seeing his dam and visiting with Cory Poser about the generations of productive and perfectly made cows behind him, we knew this was the bull we wanted to move forward with. The calves have come moderately sized with good vigor. I think they have some style and good grow to them. Now that we see what kind of beautiful udders Bar None has been making in his first group of heifers at Hilltop, we're confident this bull will take us in the right direction. Partnered up with Peterson Grain and Cattle to make this happen.

Ultra was our high selling bull in 2025, to Gartner-Denowh Angus Ranch. He was a standout bull, incredibly thick, big butted and big nutted, with a nice set of EPD's and always easy for the visitors to find. His quiet and easy fleshing dam did a great job with him, and I someday hope to have a whole herd like her. Quickest way to start is to use a bull like Ultra.

Welcome to the annual offering of Math Farms aged bulls.

These bulls come from Bob's herd. These bulls spend an extra year developing on pasture with nothing but grass and themselves to keep each other company. Raised in a practical, real-world environment, these bulls are developed slowly and naturally to ensure soundness, longevity, and durability.

**These aged bulls represent the kind of cattle we believe in:
practical, reliable, and built to last.**

Load Up has achieved Pathfinder status. Requires a sire to have five Pathfinder daughters. Pathfinder cows calve in a consistent calving interval and have had to wean at least 3 calves at a 105 ratio. No bull has been more consistent here than what Load Up has been for us. He improves everything good cattleman need in their cows... udders, feet, disposition, and keeps the mature cow size just right. Attractive angus heads and great coat of hair for the hi line too. Now he's proven in the breed too. We love him. The cows work. Bulletproof cattle. We are still using him. Still chasing those Load Up daughters from the good cows that haven't given up yet.

3 stand out Load Up yearling sons sell in this sale as well as many grandsons!

Semen available with Breeder Links.

High selling bull from the 2018 sale at Spickler Ranch South, 7179 does a remarkable job of siring breed leading performance, great dispositions, and consistent phenotype. Bulls have a lot of growth, performance, and stand on good legs and feet. The daughters are moderate framed, easy fleshing, and very attractive with the right kind of angus cow look. They calved out easy, are very quiet, and good mothers with nice udders. We think so highly of him we are continuing to flush cows to him. 7179 has also seen lots of use at his home ranch, Spickler Ranch South. He has earned a valued role in our breeding program.

THANK YOU!

In case I forget, some **Thank you's** need said, in no particular order....

Thank you to the whole crew at **Glasgow Stockyards** for taking great care of our animals and always making sale day a breeze!

Thank you to **Bruce & Linda, and of course the rest of the crew, Lance, Lonnie, Leanne, Justin, and Jered** for taking such good care of the bulls at the **Hould Bull Development Center!**

Thank you to **Rick and Gerome and the crew at R&G Quality Feeds** for keeping the feed coming, no matter how last minute I call!

Thank you **Caitlin Anderson** for all your outstanding help with social media and marketing!

Thank you to the crew at **Ezzie's Wholesale** for keeping us running!

Thank you to **Austin Buzanowski and the crew** for doing a great job getting the bulls clipped and looking nice for the sale!

Thank you to **Kate Loose** for knocking out the great photos and videos for us. You do great work!

Thank you to **Gerri, Elizabeth, and the crew at Ballyhoo Printing** for getting the catalog printed and out in record time. Impressive as always!

Thank you **Rick, Rebel, McKenna and Kayla at Milk River Veterinary Services** for all our animal needs and emergencies. It's great to have you folks!

Thank you to **Jeff and Diane Hould** for helping us get the cattle AI'd again. We sure appreciate the help with that as always!

Thank you to **Royce and Ryan Houtzel at Milk River Genetics** for taking great care of our donor cows, calves, and everything you all do there.
